## SCOOBY DOO

Once upon a time, the Scooby Doo Mystery Incorporated went to Fairy Tale Town for some fun. But, when Velma slid down the Old Lady's Shoe Slide, at the end, she fell down a hole! Then, at the end of the crooked mile, Daphne fell down a hole! Next, at the end of the Owl Slide, Scooby Doo fell down a hole! So only Shaggy and Fred were left. Fred planned a great trap. It was this; Shaggy took out ten coins and said, "Yoo Hoo! Monster!" and ran to the wishing well. He quickly put all ten coins into the well. He stood on one side of the well, while the monster stood on the other side. While they were watching, Fred snuck up behind the monster and quickly tied him up. They pulled off his mask. The villain was Mr. Batten! Velma, Daphne and Scooby Doo were saved! Micah and Nikkie saw the whole thing. Adam, Raymond and Joseph told Mr. Batten that he should do that. The End
