By Raymond Wong

There was a zombie. She transformed into a girl. She dated Fred, then transformed back to a zombie. She ate Fred and then went to her lair, to enter and use his body. Then the gang came to solve the mystery. Fred set a trap. It was a basket in a tree. It dropped if someone tripped over the string beneath it. When the zombie came sneaking up to the house, it tripped the string and set off the trap. Now she was trapped! The gang took off the mask. It was the principal, Ms. Williams!
